

DALLA LANA PUBLIC HEALTH

Research & Practice Day

November 14, 2014

Stone Lobby, MSB Building - 1 King's College Circle

SHOWCASE YOUR ACHIEVEMENTS IN PUBLIC HEALTH

Graduate Student Research & Practice Day November 14, 2014

1pm – 4pm (Stone Lobby, MSB Building - 1 King's College Circle)

The Dalla Lana School of Public Health is pleased to invite participation from all Public Health students for Student Research and Practice Day.

This is the chance to share your research interests and practicum experiences with your peers, faculty and alumni. Your poster can reflect any and every stage of your academic development (for example, incoming Masters and PhD students may present relevant work from previous degrees or work experiences, or present future research and practica ideas and plans). **This is a great opportunity to hone your skills in creating abstracts, posters and presenting AND you can add the experience to your CV!**

The event is co-sponsored by the DLSPH and the Public Health Student Association (PHSA). Students from all fields, across all degree programs, are encouraged to submit posters to this exciting event.

Please direct your questions to grad.dlsph@utoronto.ca.

DEADLINES

September 26th, 2014

Submit your Abstract

Please submit your abstract to Blackboard under the Organization "DLSPH: Research and Practice Day"

Your abstract should be a maximum of 300 words, written for a wide audience, outlining the public health implications. Submission instructions and further details regarding this event can be found on Blackboard

You will be notified if your abstract is accepted by October 6, 2014.

November 3rd, 2014

Submit your poster for printing

Please submit your posters for printing in black and white (DLSPH will cover the costs) on Blackboard under the organization "DLSPH: Research and Practice Day"
