

COVID-19 Update: In-Person Practicum Placements

May 12, 2020

Dear Students,

Our In-Person Practicum Placement Exception Process has now been piloted for paid practicum placements, evaluated, and approved for expansion to consider unpaid practicum placements as well. DLSPH students who have an in-person practicum placement suspended by the University, paid or unpaid, may now request to start or return to an in-person practicum placement by completing the application attached ([also available here](#)).

Please submit a document that includes the following information to the Associate Dean, Academic Affairs: dionne.gesink@utoronto.ca.

Thank you!

Dionne
