Prioritizing Health Equity in Traumatic Brain Injury Care & Research

Monique R. Pappadis, Ph.D., M.Ed.

Monique R. Pappadis, Ph.D., M.Ed. is an Assistant Professor of the Department of Nutrition, Metabolism, and Rehabilitation Sciences at the University of Texas Medical Branch at Galveston (UTMB) and an Investigator at the TIRR Memorial Hermann's Brain Injury Research Center. Since 2004, Dr. Pappadis has conducted patient-centered outcomes research in stroke and traumatic brain injury (TBI). She has won several research awards, published over 40 peer-reviewed publications, and disseminated several educational materials for persons with TBI and their caregivers. Her current research includes elder mistreatment, health literacy, minority aging, and equity/disparities in care and outcomes among older adults with TBI.
