

Posting Date: June 24, 2025

JOB POSTING SESSIONAL LECTURER for <u>Fall 2025</u> Term, at <u>.25 FCE</u> – CUPE 3902 Unit 3

Course# & Course Title: CHL5416H – Environmental Epidemiology

Course Description:

Much of both the current and projected future global burden of disease and injury is attributed to environmental sources of exposure e.g. contaminated water or air, or changes in environmental conditions e.g. climate change. Environmental epidemiologists have: determined whether increases in adverse health outcomes are attributable to environmental exposures e.g. cluster investigations; tracked down etiological linkages between environmental exposures-conditions and health status in particular populations; estimated the attributable burden both in the past and projecting into the future e.g. risk and health impact assessment to inform programs and policies; and increasingly, evaluated the impact of policy and program interventions aimed at reducing the environmental burden of disease. This environmental epidemiology course will include each of these activities in environmental epidemiology.

Course Learning Objectives:

These include the strengthening of framing, information, study design, data analysis & interpretation, application of results, assessment, and communication skills. See detailed syllabus for full listing

Estimated course enrolment: 15

Estimated TA support: None

Class Schedul	e: Tuesdays (1 – 4 pm)
Sessional date	es: September 2025 – December 2025
Salary:	 \$ 4,910.35 (Sessional Lecturer I) \$ 5,255.02 (Sessional Lecturer I Long Term) \$ 5,255.02(Sessional Lecturer II) \$ 5,380.14 (Sessional Lecturer II Long Term) \$ 5,380.14 (Sessional Lecturer III) \$ 5,515.18 (Sessional Lecturer III Long Term)

(Salary inclusive of 4% or 6% vacation pay, where applicable)

Please note that should rates stipulated in the Collective Agreement vary from rates stated in this posting, the rates stated in the collective agreement shall prevail.

Minimum Qualifications: PhD, MD or equivalent; expertise in environmental epidemiology

Preferred Qualifications: experience in investigation of risk and health impact assessment, policy and program development.

Description of duties:

- Preparation of syllabus, delivery of lectures (in person, at least 70% of the time), student interaction, marking of assignments, preparation and marking of evaluation materials. Submission of final grades to Graduate Coordinator.

Closing date: July 16, 2025

Application Process:

All individuals interested in this position must submit, via email, a Curriculum Vitae, and the CUPE 3902 Unit 3 application form (PDF or RTF, also available at https://uoft.me/CUPE-3902-Unit-3-Application-Form), to:

c/o Christine Lowe Dalla Lana School of Public Health University of Toronto Email: christine.lowe@utoronto.ca

This job is posted in accordance with the CUPE 3902 Unit 3 Collective Agreement.

Preference in hiring is given to qualified individuals advanced to the rank of Sessional Lecturer II and Sessional Lecturer III in accordance with Article 14:12.

Candidates who are members of Indigenous, Black, racialized and 2SLGBTQ+ communities, persons with disabilities, and other equity-deserving groups are encouraged to apply, and their lived experience shall be taken into consideration as applicable to the position.

It is understood that some announcements of vacancies are tentative, pending final course determinations and enrolment.

Please note: Undergraduate or graduate students and postdoctoral fellows of the University of Toronto are covered by the CUPE 3902 <u>Unit 1</u> Collective Agreement rather than the Unit 3 Collective Agreement, and should not apply for positions posted under the Unit 3 Collective Agreement.
