

July 2025

**January – April 2026**

## **Mitacs Practicum Funding**

We are happy to continue our collaboration with **Mitacs!** Preceptors may be able to apply for matched funding for Jan- April 2026 MPH practicum opportunities. If you're eligible, you can now start this process with Mitacs and submit a practicum opportunity at the same time. Note that you do not need to have secured a student before applying for the Mitacs funding and there is no commitment to hire a student even after you have applied for the Mitacs funding. Even when the application is approved, you have up to 2 years to hire the student(s). You can start this process now at the time of recruiting. The earlier the better.

Please see the attached [Document for Eligibility and Overall process](#). Mitacs also provided their updated [Proposal Template for transparency](#).

- **First contact with Modupe to inquire: Friday, August 15, 2025**
- **Should submit first draft: Friday, September 19, 2025**
- **Ready for ORS signature: Monday, October 27, 2025**

*If you are interested in pursuing additional funding for your practicum project through Mitacs, please contact Modupe Olufemi [molufemi@mitacs.ca](mailto:molufemi@mitacs.ca) to discuss the process by August 15, 2025.*
